

Floor Gijsbrechts

Student International Communication and Media

Hello! My name is Floor and I'm a student at ThomasMore where I'm currently studying International Communication and Media. I'm on the lookout for an internship opportunity in the communication and graphic design department, so I would like to tell you a bit more about myself:

I'm an easy going person and truly believe that positivity can work wonders. Which is why I always try to keep a positive mindset. I'm flexible and always up for a challenge. I'm very motivated and eager to put my skills and knowledge to good use.

If you're looking for someone who's passionate, adaptable, and ready to dive into the world of communication and design, then I might just be your perfect fit.

Brutal

Waiter

2020-2020

Mise en place

Waiter at an employment agency

Additional information

- **AFS gap year in Denmark | March 2021 - June 2021**
 - During my gap year, I went to a folkhighschool in Brenderup, a small village in Denmark. My stay there was all about globalisation and sustainability. The free and unique learning environment provided by Brenderup Højskole allowed me to develop a strong commitment to global awareness and sustainability practices.
- **Erasmus to Lisbon | February 2023 - June 2023**
 - In the spring semester of 2023, I spent an enriching four months in Lisbon as part of an Erasmus exchange program, studying Communications, business and design. During my stay I immersed myself in Portuguese culture, expanding my world views and adapting to diverse communication styles.
